Drawing will be held at the June 2016 Open House.

Winner need not be present.

Contact Jayne @ 929-5054 for tickets.

The Lifetime Freestyle Paddleboard (with paddle) provides great stability and tracking in both surf and flat water. The EVA deck covering provides increased traction, and the two adjustable fins give the paddleboard increased performance in diverse water conditions. Constructed of UV-Protected High-Density Polyethylene (HDPE), the Freestyle Paddleboard is strong, durable and fade resistant. An adjustable stand-up paddle with a fiberglass shaft and a nylon blade is included.

- Design provides great stability and tracking
- EVA deck covering for increased traction
- 2 adjustable fins for surf or flat water paddling
- Durable, high-density polyethylene (HDPE) construction
- UV-protected will not fade, crack or peel
- Adjustable stand-up fiberglass paddle included
- Length: 9'8" & Width: 35.5"
- Carry weight: 40 lbs.
- Maximum capacity: 220 lbs.
